

## GRANDE NOBLÈS BASIS

The Altech Grande Noblès is a timeless, freestanding soapstone wood-burning stove featuring a significant mass of soapstone. Because of this, the stove will still continue to release infra-red heat for hours after the fire is extinguished. The Grande Noblès is the big brother of the Altech Noblès. It features a higher output, but shares its sibling's appearance.

## PRODUCT BESCHRIJVING

### Maximum enjoyment

The Grande Noblès features a large window, offering you a lovely view of the flames. On top of that, the Grande Noblès features a flue gas channel, which means even more heat can be drawn from the wood. This stove has a 3 to 11 kW output, which means it can pleasantly heat a mid-sized to large living room.

### The Grande Noblès is available in different varieties

The Grande Noblès series consists of 4 different models. All models have the same base, but feature a different appearance. For example, the Grande Noblès can be equipped with legs, a wood compartment and/or an oven at the front of the stove. Each model features an easy-to-replace flue gas channel.

### Curious about the Altech Grande Noblès soapstone wood-burning stove?

Experience the delightful heat and take a look at this stove in the showroom of one of our dealers.
