

GRANDE NOBLÈS COMPLET

The Altech Grande Noblès Complet is a timeless, freestanding soapstone wood-burning stove featuring a significant mass of soapstone. Because of this, the stove will continue to release infra-red heat for hours after the fire is extinguished. The Grande Noblès is the big brother of the Altech Noblès. It features a higher output, but shares its sibling's appearance. The Grande Noblès Complet features both a wood compartment and an oven. Each model features an easy-to-replace flue gas channel.
