PRODUCT BESCHRIJVING

The Altech Max W soapstone wood stove is the base model on legs and one of the more popular models in the Max range. The Max W is characterised by its oval design. Because of this design, this appliance boasts a beautiful wide view of the fire. These features combined with its high efficiency and the use of soapstone combined with steel make this stove very popular.

THE SLEEKEST SOAPSTONE STOVE ON THE MARKET

For the first time in Altech's 40-year history of making soapstone stoves, we decided to release a model with a steel frame. This steel frame and recessed soapstone give the Altech Max W the sleekest design of all soapstone stoves.

With an output of 3 to 8.5 kW, the Max W is suitable for providing both smaller rooms and larger spaces with wonderful infrared heat. The wood-burning stove is easy to use. You can operate the integrated door handle and air supply slide using the included wrench. The base model is fitted with legs, the Max W stands a little higher due to

ENJOY THE WONDERFUL WARMTH OF SOAPSTONE WITH THE ALTECH MAX W

The Altech Max W consists mostly of [soapstone](#). The unique thing about this material type is that soapstone stores heat and radiates it evenly. You can compare this heat to the Infrared heat of the sun. Infrared is the most natural heat available and warms objects in space. The heat feels like a blanket wrapped around you, and heats up your entire body and surroundings.
